Welcome aboard the
Rex-Rheni

Rijfers River Cruises B.V.

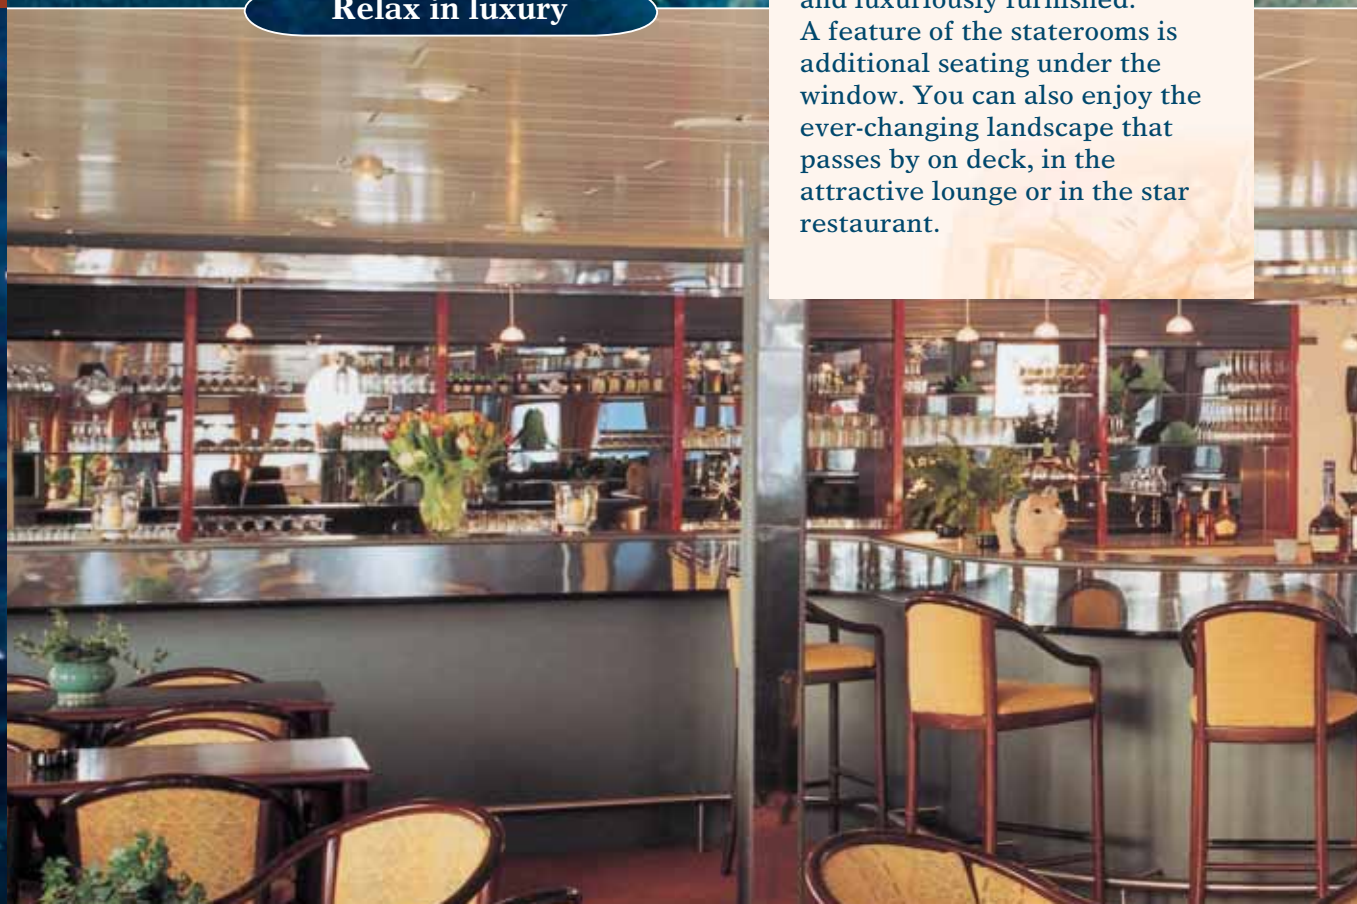

Contemporary comfort in a **classical setting**

Thousands of passengers have had the opportunity to enjoy a cruise aboard the classically styled Rex-Rheni. This ship was originally built in 1979, although only its spaciousness is recognisable from that time. Over the years, the Rex-Rheni has undergone modernisation work at various times, resulting in it still being one of the most modern river cruise ships around today. This magnificent vessel has three decks, with room for 150 passengers in 79 cabins and staterooms.

Rex-Rheni

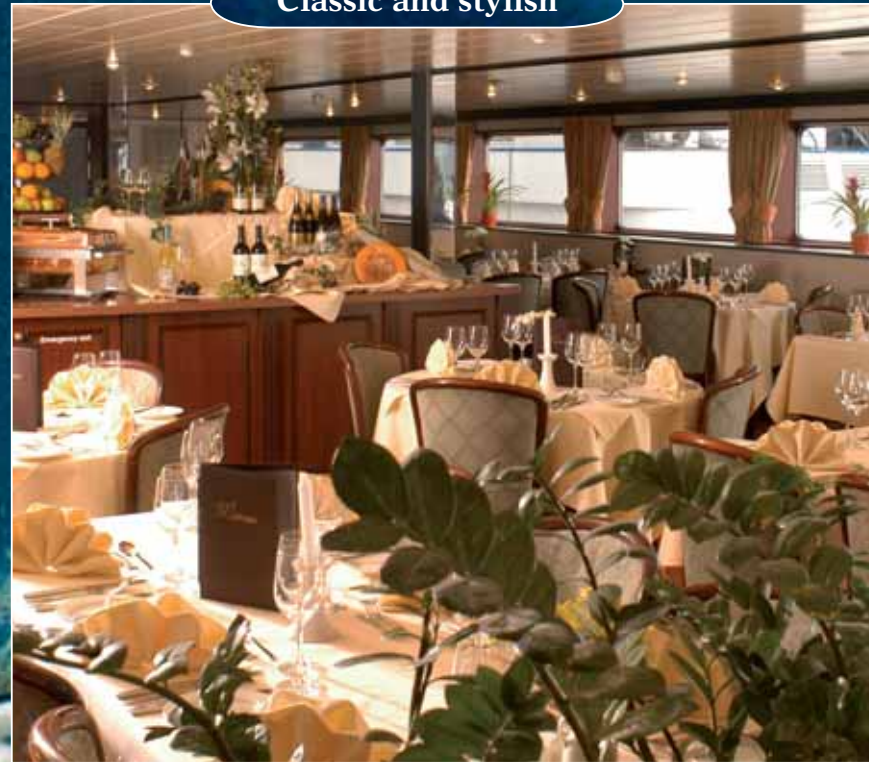

Relax in luxury

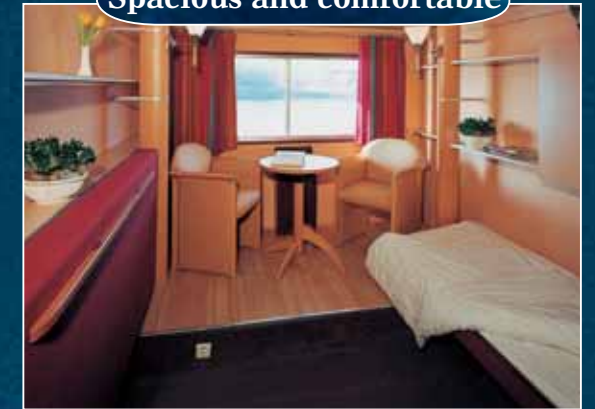

The spacious and luxuriously fitted cabins all have their own shower and toilet and each cabin's air conditioning can be individually controlled. A satellite receiver provides for television and radio in the cabins. And of course, there is a telephone in each cabin.

A large number of the cabins (staterooms) are more spacious and luxuriously furnished. A feature of the staterooms is additional seating under the window. You can also enjoy the ever-changing landscape that passes by on deck, in the attractive lounge or in the star restaurant.
